Different schools around the world

This week's interview is with fourteen-year-old Tim Johnson. He's a student at the internet school InterHigh.

A 3

I don't go to school. I study at home on my computer. My lessons are on the internet.

B

I study seven subjects, and my favourite subjects are maths and science.

C

I have lessons every day. There's no school at the weekend. Classes start at nine and usually finish at twelve o'clock. I always do my homework in the afternoon. Then in the evening, I often go to the sports centre. There are no PE lessons at my school!

D

I meet my teachers once or twice a year. There are eighteen students in my class, but I hardly ever meet them. You see, we all live in different countries.

E

Yes, I do. Studying online isn't boring. The teachers are nice, and the lessons are interesting. The other students are friendly. It's a great school.
